#### APPROPRIATION "CAPS"

Chapter 89, Laws of 1990 extended and made sweeping changes to the Local "CAPS" law.

This law restrict the amount of expenditures the municipality may appropriate in a given budget year.

The actual calculations are somewhat complex, but in general it works as follows: Starting with the figure in the 2016 budget for Total General Appropriations, various 2017 budget figures are subtracted. The result of this gives you the 2017 "CAPS" base. The "CAPS" base is then multiplied by the allowable rate to determine the increase over the 2015 budget amount.

In addition to the increase above, other increases to the "CAPS" are allowed. Examples would be: increases in valuations due to new construction or improvements and increases in service fees, to mention a few.

The "CAPS" may also be exceeded if approved by a referendum which is a vote by the general

After the "CAPS" has been determined there are also many exceptions to the "CAPS" which are appropriations that will be outside of the "CAPS". Some of these exceptions are as follows:

State and Federal programs offset by Revenues Reserve for Uncollected Taxes Debt Service Interlocal Service Agreements Capital Improvements

#### I. GENERAL BUDGET HEARING

On May 4, 2017 at 7:00pm in the Municipal Building a hearing on the 2017 budget will be held. The public has the right and is encouraged to provide oral and written comments, ask questions and other wise participate in the budget adoption process. Information on the Municipal Budget, together with a true copy of the entire proposed budget is available to the public for their inspection by contacting Maryalice Picariello at the Municipal Building.

The actual "CAPS" for municipalities will be reviewed and approved by the Division of Local Government Services in the State Department of Community Affairs. The "CAPS" for this budget was calculated as follows:
